

Dawnay Infant Learning Update!

What are we learning?

Date: 25/01/19

Year R

We had a very exciting week last week in Ladybirds, with the mystery of the missing gingerbread men. This week we have started our new text 'The Gigantic Turnip.' We have enjoyed acting out the story, taking on the roles of the different characters. We have also been comparing different traditional tales, looking for similarities. It has been very tricky trying to work out who is the baddie in some of the stories. In maths we have been learning how to make different numbers using a tens frame. This has enabled us to explore how numbers can be presented in different ways. Can they show you how we use the tens frame to explore number bonds to 10? Mrs James

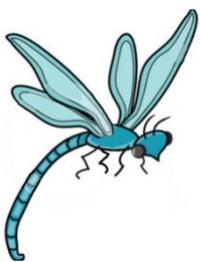

Year 1

Busy, Busy Bees, from exploring sand and water to making and eating S'mores around the campfire...we have been active in our learning. The sand and water helped us to talk about our experiences at the beach and imagine ourselves at the beach rather than in the classroom. We used our thoughts, feelings and ideas to create our own poems. Then we looked even closer at poetry and with great excitement, we acted out a stormy, blustery day in which we mirrored our partners movements. We even used an electric fan and music to be fully absorbed in the wild, wilful, windy weather. When it came to writing our own poems, they were fantastic! In maths we continue to learn and explore our number bonds to 20, can you play number bond tennis with a grown up? Hope the home learning is going well and well done for such a magic start to the Cornerstones topic...can you remember the title? Mrs Paine and Mr B

Year 2

This week, Year 2 have been learning how to multiply and divide with numbers up to 100. We recapped how to differentiate between odd and even numbers and will begin looking at division by learning how to divide numbers within the five times table. In English, we have been learning how to use 'freeze framing' to develop our descriptive writing. We have introduced a second P.E session on Monday afternoons - please can parents and carers ensure children have plimsolls for hall P.E sessions and trainers for the muddier outdoor P.E lessons. Miss Hall.

Heads up!

- Cornerstones Exhibition on Tuesday 12th February at 6:30pm
- Reception and Year 1 Bedtime story event Friday 15th February 4:30-5:30pm in Bumblebees.
- Please make time to read with your children and write a comment in their link book.
- Ladybirds require junk modelling bits please.
